ELECTION OF REGIONAL COUNCILORS OF 06 DECEMBER 2020

THE CALL OF THE WCPDM NATIONAL EXECUTIVE PRESIDENT TO MUNICIPAL COUNSELLORS

Dear municipal councillors,

Dear voters,

On the 06 of December 2020, you will all be called upon to choose the pioneer regional councillors in the political history of our country.

This great responsibility is going to determine the future of our democracy.

This will be an opportunity not only for us to complete our democratic institutions, but also to usher in a new dawn in our public governance with the putting in to place of effective decentralization.

The Regional elections are taking place at a time when Cameroon is facing serious security challenges for instance, back to peace in the North West and the South West Regions. They are also coming up at decisive moment as far as the development of our economy is concerned.

Giving the stakes at hand, CPDM is presenting lists with quality candidates with a greater majority of women.

Thanks to the constant gender sensitive policy of the national president, **His Excellency Paul Biya**, who has always favoured the promotion of Cameroonian women, in all spheres on the sociopolitical life of our country, more than 200 women will be going in for these elections under the banner of the CPDM.

Our candidates are selected for their abilities and competence, these women distinguish themselves through their love for the country, the knowledge of the field and their mastery of the demands of decentralization and local development.

They will be able to see through the processes of decentralization with some mastery which constitutes the fundamental axes for the promotion of development, democracy and good governance.

In this light, I invite you to vote without hesitation the CPDM lists.

On the 06 December 2020, I urge you to;

- Vote infavour of all CPDM list in order to give Cameroonian women and WCPDM women the opportunity to prove their worth within the republican institutions.

-Vote for the CPDM list to enhance feminine leadership in the management of our local affairs.
